- 4. Marie Curie (£2,500)**
- 5. Weston Park Cancer Charity (£1,604)**

Our Impact

"We focus primarily on the poverty crisis in Teesside with the money we raise via Charity Escapes. The £3,200 you helped us raise in Q1 has gone to buy 32 beds & mattresses for children sleeping on the floor. It could also buy 106 Fuel Vouchers for families struggling to afford their energy bills".

"The funds that we raised from selling Charity Escapes prizes at auction are committed to our research funding pot and allocated to new projects every time we complete a grant round. In May, our trustees agreed to commit £800,000 to five new research projects located in Australia, Italy and the UK. The money generated from Charity Escapes prizes will be committed to one or more of these projects over the next few weeks'.

"The wonderful and generous prize gifts have helped The Elizabeth Foundation to raise much needed funds towards our outstanding services for deaf babies, young children and their families across the UK. By doing so we help them to become capable and confident communicators, ready to achieve their full potential. We could not be more grateful!"
