- 5. Minstead Trust (£1,268.00)**

Our Impact

"Charity Escapes' support this quarter has ensured we remain committed to supporting as many children as possible with the funding available, particularly targeting areas of social deprivation and working in partnership with others to make a difference to each and every child that needs support, alleviating social isolation, providing nutritious food and engaging activities. Thank you Charity Escapes for your support in helping us help them".

"We have loved working with Charity Escapes on a number of different fundraising events. Having good quality prizes has allowed us to broaden the range of what we can offer at events, and to cater to everyone in one go. They have helped us cut down the amount of time it takes to source prizes - from months to seconds! I would definitely recommend Charity Escapes to other charities".

"I am so privileged that Charity Escapes have supported my fundraising efforts this quarter. I've found the team to be incredibly helpful and I would 100% recommend their service to other charities and fundraisers. Thank you so much for your support!".
